

THE SILVER THRETTLES

Perfect Live Music for Your Wedding

We will play 2 x 1 hour sets of Beatles music

We will learn an additional song for the happy couple's first dance. We will also record the live audio of the first dance music on the night and send a copy to the happy couple within a week of the event.

Music prior and in between the live music that complements the evening can also be provided.

It won't just sound fantastic; it will look stunning with professional lighting and projected images throughout the live performance, as well as additional 'sound bites' from the Beatles

The cost for a Wedding event performance is £2000; this includes travel to anywhere within the east midlands. Further afield travel rates would be £25 per every 25 miles from Leicester
A 50% deposit is required upon booking.

"Thank you so much for sending through the recording of our first dance, it sounded so good. And thank you once again for playing for us, we had so many great comments about how fab you guys were"

"Book these guys! Ace musicians, great band, very nice people and a pleasure to have at your home or event. They made our wedding."

"Totally ace Beatles tribute band, just the best set at any event I have been to"
